

Dear Renaissance Academy Charter School of the Arts Families,

Studies show that family involvement in a child's education is one of the most important factors in raising student self-esteem and academic achievement. At Renaissance Academy, we are committed to involving families in the learning process as much as possible! Previous efforts to organize a thriving volunteer program were not hugely successful, and we believe it's due to a single-focus approach. Each of our families is unique - with its own priorities, needs, talents, and time constraints -- and so we want to provide as many different kinds of opportunities for parental involvement as possible. If you are interested in volunteering, please review the volunteer opportunities suggested below, and check any you are interested in, or tell us what you would like to do!

Please complete the form below and return to your child's classroom and you will be contacted by the school to get you set up to begin volunteering at our school!

Fondly,

Donna Marie Cozine, Ed.D.
